Building Main Menu

Building the Menus

- Create Menu

The screenshot shows the WordPress 'Create Menu' interface. On the left is a dark sidebar with the 'Appearance' menu open, and 'Menus' is highlighted with a red circle and the number '1'. The main content area has a header that says 'Edit your menu below, or [create a new menu.](#)' with a red circle and the number '2' next to the link. Below this are sections for 'Pages', 'Links', 'Categories', and 'Format'. The 'Pages' section shows a 'Sample Page' with an 'Add to Menu' button. On the right side of the interface, there is a 'Menu Name' input field containing the placeholder text 'Enter menu name here', with a red circle and the number '2' next to it. To the right of the input field is a blue 'Create Menu' button. Below the input field is a text instruction: 'Give your menu a name above, then click Create Menu.' and another blue 'Create Menu' button. A vertical dotted line with a downward arrow points from a small circle at the top to the 'Menu Name' input field.

Enter a Name

Enter an name for your Menu and Click Create Menu tab

Building the Menus

- Create an Item

The screenshot shows the WordPress menu editor interface. On the left, the 'Links' section is expanded, showing a 'Custom Links' box with the URL 'http://yourdomain.co' and Link Text 'Home'. An 'Add to Menu' button is visible. A dotted arrow points from this button down to step 1. On the right, the 'Menu Structure' section shows the 'Home' item added to the 'main menu'. The 'Home' item is currently set to 'Custom'. A dotted arrow points from the 'Title Attribute' field in the 'Home' item configuration down to step 2.

1 Create Home Button
From Custom Links box , enter URL and Label.
Click 'Add to Menu'

Adding Title and Description to Carousel Images

The screenshot shows the 'Edit Gallery' interface. On the left, there's a sidebar with 'Edit Featured Gallery' and 'Add to Gallery'. The main area is titled 'Edit Gallery' and contains a grid of four images. A red circle '1' is placed over the first image. Below each image is a 'Caption this image...' field. To the right of the grid is a 'Reverse order' button. Further right is the 'ATTACHMENT DETAILS' sidebar, which contains the following fields: URL (http://kinetika.imagem.co), Title (Kinetika Studio), Caption (empty), Alt Text (empty), Description (A powerful fullscreen studio wordpress theme. Create your online), Fullscreen Button Text (Purchase), Fullscreen Button Link (#), and UI color (Slideshow images) (Bright). A red circle '2' is placed over the Title field, a red circle '3' is placed over the Description field, and a red circle '4' is placed over the 'Save Featured Gallery' button at the bottom right.

Title, description and buttons are optional. You can leave those fields empty to not display them.

Importing Slider Revolution

For the theme styles to pick up by Revolution Slider you'll need import the slides packed with the theme.

1. Browse and goto the Kinetika download packed folder.
You'll see a folder called 'Revolution Slider Demo Slides'

2. Select file to import

**** Make sure to provide images and videos as the ones in demo aren't included.**

Password Protected Portfolio Posts (Part of Step 1)

Password protected fullscreen pages, portfolio galleries and pages.

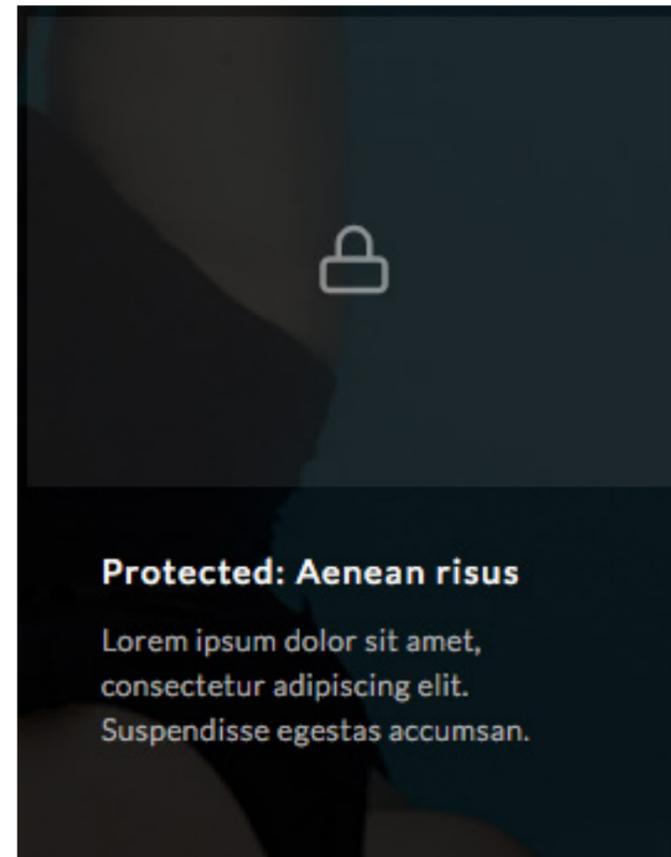

Once you publish a WordPress post, it is visible to the public (by default).

You can set a password to portfolio item requiring anyone visiting the page to enter the password.

The image shows the 'Publish' meta box in WordPress. It contains the following elements:

- Buttons:** 'Save Draft' and 'Preview' at the top.
- Status:** 'Status: Draft' with an 'Edit' link.
- Visibility:** 'Visibility: Public' with radio buttons for 'Public', 'Password protected' (selected and marked with a red '1'), and 'Private'.
- Password:** A text input field containing 'password here' (marked with a red '2').
- Buttons:** 'OK' and 'Cancel' below the password field.
- Publishing:** 'Publish immediately' with an 'Edit' link.
- Bottom Bar:** 'Move to Trash' and 'Publish' (marked with a red '3').

Portfolio Albums

Generate a gallery of thumbnails with title and description representing the Work type categories.

A screenshot of the WordPress 'Project Items' table. The table has a header with 'Bulk Actions' and 'Apply' buttons, and a '7 items' count. The table columns are 'Name', 'Description', 'Slug', 'Project Items', and 'Image'. One item is visible: 'Artwork' with a description 'No dolor dicam mollis sit, eu wisi equidem dissentiunt qui. Ex usu nihil nonummy tractatos.' and a slug 'artwork'. The 'Project Items' column shows the number '2'. The 'Name' column has a checkbox and a red notification badge with the number '2' next to the 'Edit' link.

<input type="checkbox"/>	Artwork Edit Quick Edit Add New Item View	No dolor dicam mollis sit, eu wisi equidem dissentiunt qui. Ex usu nihil nonummy tractatos.	artwork	2	

Name
The name is how it appears on your site.

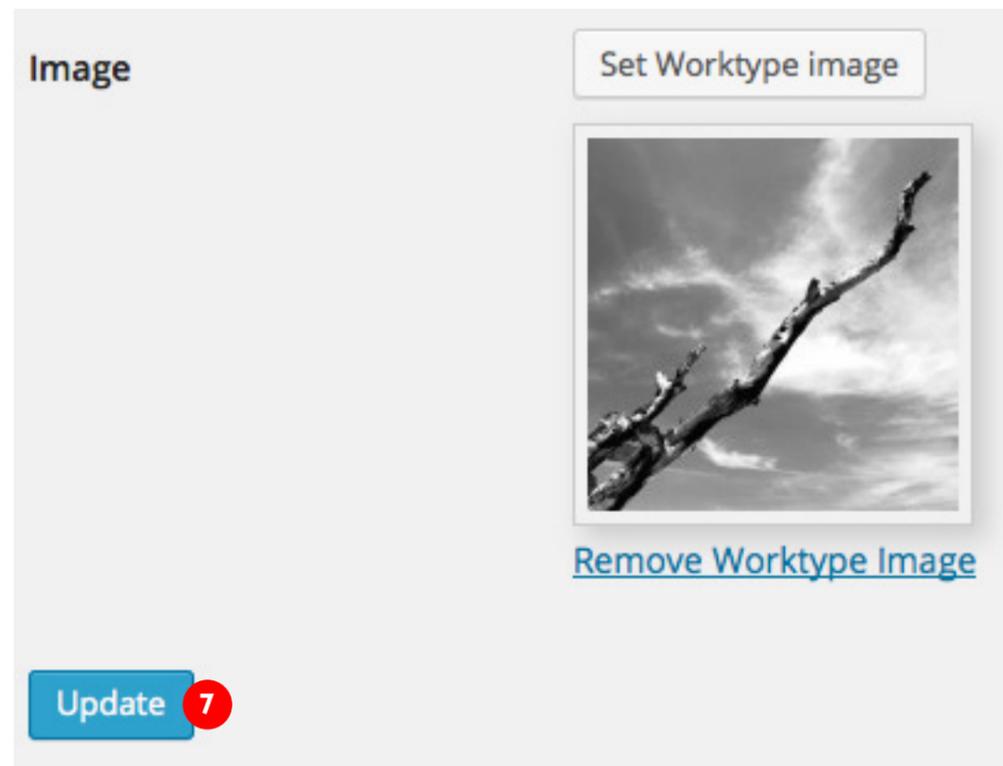

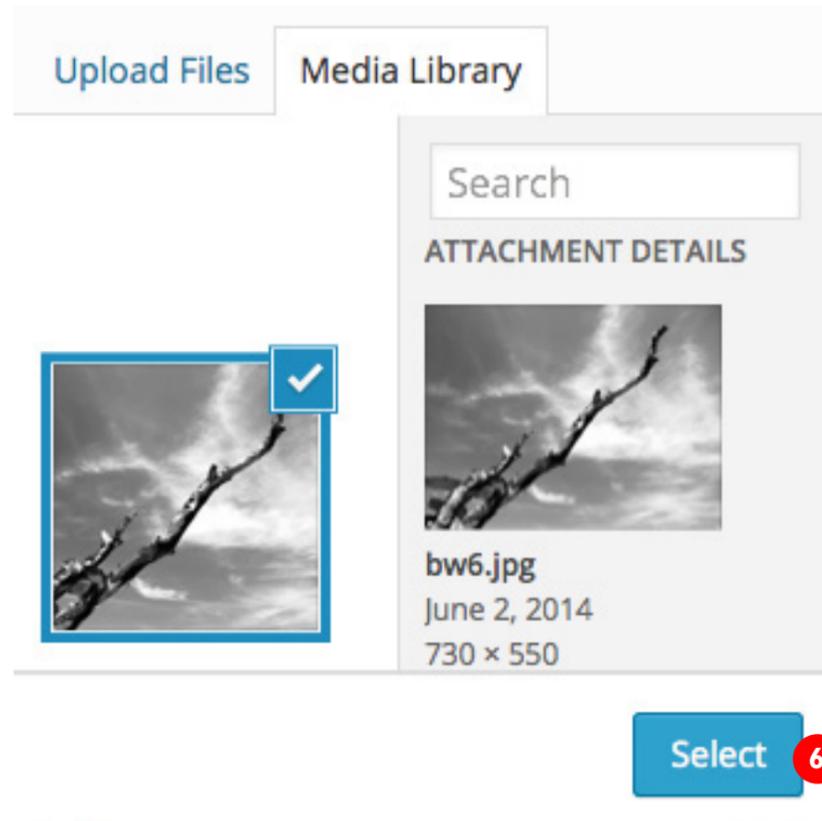

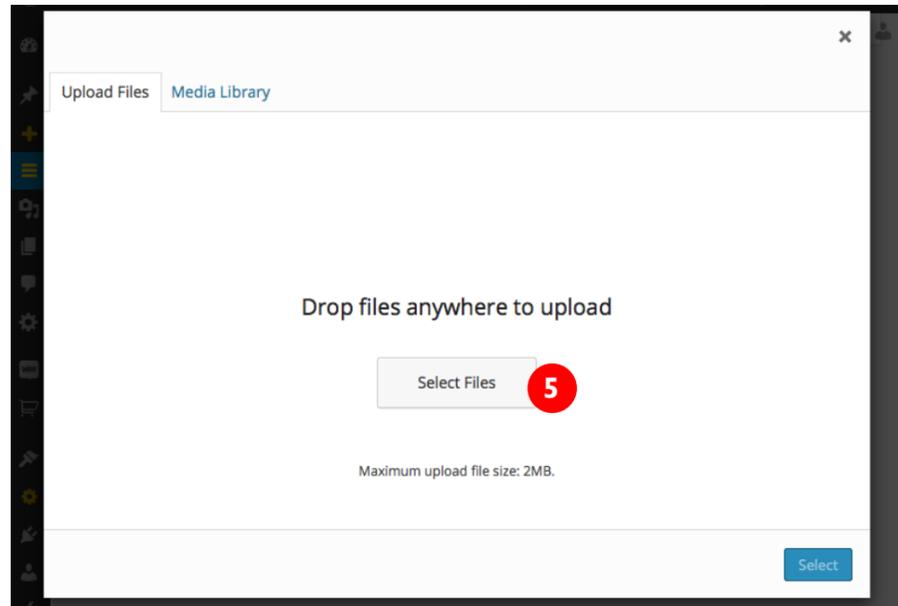

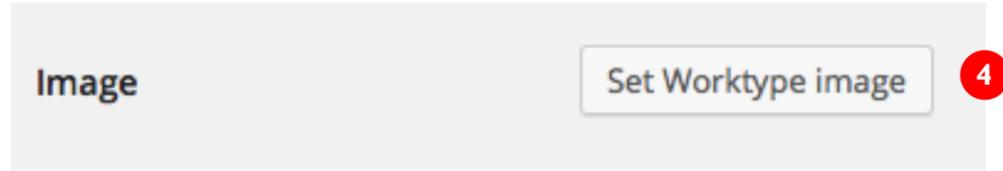

Slug
The "slug" is the URL-friendly version of the name. It is usually all lowercase and contains only letters, numbers, and hyphens.

Parent ▾

Description
The description is not prominent by default; however, some themes may show it.

IMAGINEMTHEMES SAYS:
AUGUST 27, 2015 AT 5:41 PM EDIT

The comments section can be used to by your client to communicate with the photographer. Comment can used to by referring to the image IDs or from the selection. The image IDs won't change unless the image is deleted.

Selecting images will mark them so the client can check at a later time or date and make more selections or refer to those images here for a preferred action such as printing or make available for download.

The screenshot shows the WordPress 'Add New Page' editor interface. On the left, the 'Pages' sidebar is visible with 'Add New' highlighted. The main content area is titled 'Add New Page' and contains a text input field labeled 'Enter title here'. Below this, a navigation bar includes 'Elements', 'Layout', 'Media', 'Portfolio', and 'Posts', with 'Media' selected. A 'Live Search' bar is positioned above a grid of block options: Audio, Before After Image, Hero Image, Lightbox, Lightbox Carousel, Links Carousel, Photocard, Single Image, Slideshow, and Thumbnails Grid. Below the grid are buttons for 'Export Blocks', 'Import Blocks', 'Undo', 'Redo', and 'Clear All'. At the bottom of the editor, a block toolbar shows a 'THUMBNAILS GRID' block selected, with a small grid icon to its right. The footer of the editor contains a 'Select Template' dropdown and buttons for 'Delete Template', 'Save Template', 'Export Templates', and 'Import Templates'. Red numbered callouts (1-5) highlight the 'Add New' button, the title field, the 'Media' tab, the 'Thumbnails Grid' block, and the grid icon in the block toolbar, respectively.

Edit and attach images to the thumbnails grid block

The screenshot shows the WordPress 'Add New Page' editor interface. On the left sidebar, the 'Pages' menu is active, with 'Add New' highlighted by a red circle labeled '1'. The main content area has a title input field with the placeholder text 'Enter title here' and a red circle labeled '2' next to it. Below the title field is a tabbed interface with 'Elements', 'Layout', 'Media', 'Portfolio', and 'Posts' tabs. The 'Media' tab is selected, indicated by a red circle labeled '3'. A 'Live Search' input field is located above a grid of block options. The 'Slideshow' block option is highlighted with a red circle labeled '4'. Below the grid are buttons for 'Export Blocks', 'Import Blocks', 'Undo', 'Redo', and 'Clear All'. At the bottom of the editor area, a 'SLIDESHOW 12/12' block is visible, with a red circle labeled '5' next to its edit icon. The footer contains a 'Select Template' dropdown and buttons for 'Delete Template', 'Save Template', 'Export Templates', and 'Import Templates'.

Edit and attach images to the slideshow block

{ end }
